Who are Regent Learning?

Regent Learning offers unrivalled supplementary education, tuition and academic programmes for all children.

Who attends Regent Learning?

Regent Learning is suitable for all school age students, whatever their level of knowledge and confidence.

A Proven Approach

Whatever the course you decide to take with Regent Learning, our systematic plan helps students by creating confidence, boost motivation and by developing academic success at school or college.

Our Students will achieve:

- Learning Success
- Improved Knowledge
- Increased Confidence
- Positive Attitude
- Exam Success

Maths & English Tuition for 3-12 year olds

Each child has an individual programme and is taught by specialist subject teachers within a small group.

SATs Preparation Courses

It offers supplementary tuition in English, Maths, and Science to students in Year 6.

ICT Programme

Achieve GCSE at an early age.

GCSE Courses

Students are catered for supplementary classes in English, Maths, ICT and Science. The classes are carefully tailored to the exam board, module and tier that each student is sitting and give an excellent opportunity to students to boost their grades.

Entrance Exam Preparation

It offers tuition in English, Mathematics, Verbal and Non-Verbal Reasoning to students wishing to secure a place at an Independent or Grammar school. Schools set entrance examinations for 4+, 7+ and 11+ entry to enable them to select only the best candidates.

Educational Holiday Programmes

These programmes are a combination of direct tuition and academic time, as well as developing the skills also needed to enable greater, for more efficient learning: mental ability, concentration, listening and speaking. Children flourish as their self-motivation, determination and confidence grow.
